Perhaps I was addicted to the dark side
Some where inside my childhood I missed my heart die
And even though we both came from the same places
The money and the fame made us all change places
How could it be through the misery
That came to pass
The hard times
make a true friend afraid to ask
For currency
But you could run to me when you need me
I'll never leave honestly, someone to believe in as you
can see
It's a small thing to a true
What could I do? Real homies help you get through
And comin' new he'd do the same thang if he could
Cause in the hood true homies make you feel good
And half the time we be actin' up call the cops
Bringin' the cease to the peace that was on my block
It never stops, when my mama ask me will I change
I tell her yeah but it's clear I'll always be the same
Until the end of time
[Chorus]
Take, these broken wings
I need your hands to come and heal me once again
Until the End of Time
So I can fly
Until the End of Time
Until the End of Time
Till the End of Time
Please Lord forgive me for my life of sin
My hard stare seem to scare all my sister's kids
So you know, I don't hang around the house much
This all night money makin' got me outta touch, shit
Ain't flashed a smile in a long while
An unexpected birth worst of the ghetto child's
My attitude got me walkin' solo
Ride out alone in my low-low
Watchin' the whole world move in slow mo
For quite times disappear listen to the ocean
Smokin' ports think my thoughts Then it's back to
coastin'
Who can I trust in this cold world

My phony homey had a baby by my own girl
But I ain't trippin'
I'm a playa I ain't sweatin' him
I sex his sister had her mumbling like a Mexican
His next of kin
No remorse it was meant to happen
Besides rappin' the only thing I did good was scrappin'
Until the end of time
[Chorus] 2X
Ha ha
Now who's to say if I was right or wrong?
To live my life as an Outlaw all alone
Remain strong in this planet full of playa hatas
They conversate but Death Row full of demonstrators
And in the end drinkin' Hennessey made all my
enemies envy me
So cold when I flow illiminatin' easily
Falls to they knees They plead for they right to breath
While beggin' me to keep the peace
Ha ha
Well I can see close into achieve
In times of danger don't freeze time to be a chief
Follow my lead I supply everything you need
An ounce of game and the trainin' to make a G
Remember me as an outcast Outlaw
Another album out that's what I'm about, more
Gettin' raw 'till the day I see my casket
Buried as a G while the whole world remembers me
Until the end of time
[Chorus] 2X
If an angel comes down and takes me away
Memories of me
And my songs will always stay
Until the End of Time
Inside
Till the end of time
Till the end of time
Maybe it's the thug in me(echo)
