Hey, ooh ah ooh oh oh  
When your hero falls from grace  
All your fairy tales are uncovered  
Myths exposed and pain magnified  
The greatest pain discovered  
You told me to be strong but I'm confused to see you  
so weak  
You said to never to give up and it hurts to see you  
welcome defeat  
When your hero falls so do the stars  
When your hero falls so do the stars  
And so does the perception of tomorrow  
Without my hero there is only me alone  
To deal with my sorrow, to deal with my sorrow  
Your insistance to work and your soul is not happy at all  
What do you expect it to do when your hero falls  
So do the stars  
See I know you're wondering how do I carry on  
You want to give up you feel there's nobody to love  
But if you look around there's so many people have  
been what you been  
through  
You gotta let go you gotta be strong oh  
Sing it again one more time  
When your hero falls (Oh yeah yeah yeah yeah yeah  
yeah)  
When your hero falls (Ooh yeah)  
When your hero falls (What am I supposed to do)  
When your hero falls (When I'm looking to you yeah)  
When your hero falls (But you told me to be strong)  
When your hero falls (And to never give up oh oh)  
When your only hero falls (Say it again)  
When your hero falls (Whoa, oh yeah)  
When your hero falls (Oh oh)  
When your hero falls (What you saying)  
When your hero falls (Won't you listen to the children  
sing)  
When your hero falls (As they sing it to the whole world)  
When your hero falls (Oh oh, oh oh yeah)  
When your only hero falls
