Im smokin these niggas like they endo
Breakin em like they windows
And still they riff till they get a whiff Of the shit that I
kick
And if they ever had a notion to stop me
Shoot ya best shot and get dropped wit ya posse
Nigga I got the motz Im takin em out alot I got
More than you can hock Im rockin the spot
So now they jock Loc'em and get dropped
Tupac aint tryin to hear it
Im swingin at your knot Im swingin at your knot so hot
Static is the last thing ya need when ya see me
Better have a bat or a gat to defeat me
Nigga Im a whole posse rolled into one shot
Takin all ya got as your girl gets hot
And rocks the spot
Bringin' the funky flavor with the gift that only God
gave
Point me to my grave, Id rather die than be a slave
Slaves come as dopeddealers Some come as addicts
Some try to run while the others call STATIC
