She took control, pushed me on the wall  
Took me in the stall told me, "Give me what I want"  
I just can't, okay I just might, yeah  
I'm just saying, she hit the bathroom lights

Pressed her hands up on the tiles like, ahh  
Put her skirt in my hands and told me just watch  
High-heel walk through a spilled-drink floor  
Can't tell what I want but I think it's more

So I wait for your eyes  
I was reading your plays  
Put a light to my smoke with a shotgun kiss  
Find your lips through the haze

With a twist in my glass, baby  
And you whisper your name  
Don't worry the sun don't concern me  
The flame is a one night thing

Baby, loving the way you take me  
Nobody here's gon' break me  
Nobody here's in love

Baby, loving the way you take me  
Nobody here's gon' break me  
Nobody here's in love

She took her clothes put them on hold  
Saw an X on her hand she's looking for the soap  
First I wouldn't go, now I'm in the cold  
Parking garage with her hands on my soul

Oh, no, I'm going home  
Her vicious lips feel like a razor blade poem  
Razor blade eyes, tan colored thighs  
A girl with a spine and a man on the side

So I wait for your eyes  
I was reading your plays  
Put a light to my smoke with a shotgun kiss  
Find your lips through the haze

With a twist in my glass  
And you whisper your name  
Don't worry the sun don't concern me  
The flame is a one night thing

Baby, loving the way you take me  
Nobody here's gon' break me  
Nobody here's in love

Baby, loving the way you take me  
Nobody here's gon' break me  
Nobody here's in love

Baby, loving the way you take me  
Nobody here's gon' break me  
Nobody here's in love

Baby, loving the way you take me  
Nobody here's gon' break me  
Nobody here's in love

Calling all the lovers  
Late night under covers, you too  
(I believe in the night I'm leaving when I like)  
Raise your cups and glasses  
Hope for real romance to come true  
(Make a toast to the vandals)  
(Make the most of your love for the scandal)

But put your thoughts together  
Love don't equal pleasure every night  
(She equals risk, take that arrow, please don't miss)  
I'm not knowing better  
Just admit your game ain't quite right  
(We all fall for the same tricks)  
(Let the music play and let me say this)

Baby, loving the way you take me  
Nobody here's gon' break me  
Nobody here's in love

Baby, loving the way you take me  
Nobody here's gon' break me  
Nobody here's in love

Baby, loving the way you take me  
Nobody here's gon' break me  
Nobody here's in love

Baby, loving the way you take me

Nobody here's gon' break me  
Nobody here's in love
