Creatures of the night,  
welcome to the light  
Blinded by the glow of this holy sight

Guardian of history, weather the storm  
Into the battle, go it alone

The darkness fading

The Last Survivor  
Carry the bloodline all alone  
The Last Survivor  
You'll never quit 'til seeds are sewn

Stand the test of time, living is the crime  
'Til you reach the end, no hill left to climb

Guardian of history, weather the storm  
Into the battle, go it alone  
The darkness fading

The Last Survivor  
Carry the bloodline all alone  
The Last Survivor  
You'll never quit 'til seeds are sewn  
You're the Last Survivor

The Last Survivor  
Carry the bloodline all alone  
The Last Survivor  
You'll never quit 'til seeds are sewn
