Verse 1

Do you remember when life was an ember waiting to
burst into flames?
Are you so tired and so uninspired, slowly drifting to
the end?

Pre-Chorus

Don't let your heart keep breaking.
Move on. Please don't look back.

Chorus

We fall down.
We get up.
We try to hold our head up when life pulls us apart.
We fight and we bleed but all we ever need is
something to hope for, something to hope for.

Verse 2

Whatever we can see, whoever we should be is well
within our reach.
Though nothing is certain we pull back the curtain
longing for purpose there.

Pre-Chorus

Don't let your heart keep breaking.
Move on. Please don't look back.

Chorus

We fall down.
We get up. We try to hold our head up when life pulls us
apart.
We fight and we bleed but all we ever need is
something to hope for, something to hope for.

Bridge

We bend, we may break, but we keep it together.
We give and we take but we keep trying.

Chorus

We fall down.
We get up.

We try to hold our head up when life pulls us apart.
We fight and we bleed but all we ever need is
something to hope for, something to hope for,

Something to hope for (x2)
