don't fall away to fate  
waiting on an avatar  
you're stuck from divining your future  
any way the cards fall  
no no, that's not the only way  
the needles change

if you fate your world, unwritten pages turn  
to an ending that you did not write  
that's not the only way

g.u.r.u're on your own  
don't sell your trust for avalon  
still stuck from divining your future  
any way the runes fall  
no, that's not the only way  
the needles change

don't you know it's just extensions of yourself  
showing you which way you're facing now  
you make the needles change

there she goes  
she's flying off to know where  
leaving all she has unguarded and confused

and as she lays your reading down

I hear that tragic chorus now  
you hear them singing?  
refraining your whole life in the round  
so what, so what  
you won't abide, you can't confide in your riddle, no  
if you would just stay in the moment

do you suppose when she goes off to know where  
leaving everything to happen on its own

and as she lays your tarot down, oh

I hear that tragic chorus now

you hear them singing?  
refraining your whole life in the round  
so what, so what  
you won't abide, you can't confide in your riddle, no  
if you would just stay in the moment  
so where's that tragic chorus now  
I heard them singing  
just pin that tragic hero to the ground  
so what, so what  
if you decide you're controlling the rhythm, huh  
if you would just stay in the moment
