katrinah josephina is no longer, so they say  
she disappeared one year ago and not a trace remains  
all the theories are just heresay as to why she  
disappeared  
some say she was abducted and some say she  
drowned in fear  
and what a joy it is to be the only one who knows  
katrinah josephina journeys 90 leagues below

she's singing the praises of angels and sages (repeat  
and add:)  
oh, when the pills wear off, the symptoms will return  
you may have found relief, the cause has still yet to be  
learned

as a child she was quite mystified in searching for the  
soul  
with spade in hand she soon began to dig a little hole  
at one league and 15 years she ventured down her  
tunneled plight  
and was greeted by a troupe of dancing demons  
stanced to fight  
each demon bid her "say our names, as our names you  
should know  
until such time your chains will bind us follow where  
you go"  
and what a joy it is to be the only one who knows  
katrina josephina soon identified her foes

yes, she's still singing the praises of angels and sages  
she's singing the praises of angels and sages  
(combined with:)  
oh, when the pills wear of, the demons will return  
unless you're brave enough to face the ruler of their  
world

after years upon the surface higher learning taught her  
well  
the value of the human soul's a dollar earned in hell  
so one year ago upon this night she dragged me to her  
hole

her waist was roped, "don't dare let go!", her voice  
resounded from below

keep singing the praises of angels and sages  
'cause when the pills wear off
