so much pressure  
I feel helpless  
don't be angry with me  
I can't hold this in any longer  
but you never listen to me  
you've been sending me messages  
in language that is foreign to me  
and I am tiring from trying  
to decode the way you see things

this is why there's no one  
this is why there's no where  
this is why there's no one

yes, I'm grateful  
would you ever notice?  
you're too busy watching tv  
and I'm just wondering  
are you really happy?  
because you're never happy with me  
once again I'm on the fence  
with the way this feels and how things should be  
and I am tiring from hoping  
you'll decode the way I see things

this is why there's no one  
this is why there's no where  
this is why there's no one

oh, remind me again  
of how much I've cost you  
you say that I'm expensive  
and I know that you've good intentions  
but if I'm such a bad investment  
don't tell me you love me  
if you won't give without receiving

you keep sending me messages  
in language that is foreign to me  
I am tiring of trying  
to decode the way you see things

this is why there's no one  
this is why there's no where  
this is why there's no one
