Leather-chested grandads
On the sunny side of Spain
Your open-ness. Their credit cards
Punani and champagne

This is the easy life
Come lazy days

Deep-tanned cheeks unblemished
Staying friendly with knife
We've been overestimating
The complexities of life

This is the easy life
Come lazy days

60 is the new 40, is the new 30
Is the new teens
We are the evergreens!
60 is the new 40, is the new 30
Is the new teens
We are the evergreens!

Viagra-loaded cocktails
Aging stallions for the girls
We may be ordering oysters
But we'll never find the pearl

This is the easy life
Come lazy days
