Milli Vanilli is a fake
It is more that you can take
Makes your whole world fall to pieces

Rip your posters off the wall
Give your ex-boyfriend a call
In these times you need a hug

Is it you or the whole world that has gone mad?
I don't know
Is it you or the whole world that has gone mad?
I don't know

Well what are we so scared we'll miss?
They can't give us any more that this...

Samantha Fox is just a slut
A giant tit job's all she's got
Still the boys seems to adore her

Put some cotton in your bra
Make up your face and hit that bar
Move your body like Sabrina

Is it you or the whole world that has gone mad?
I don't know
Is it you or the whole world that has gone mad?
I don't know

Well what are we so scared we'll miss?
They can't give us any more that this...

It's the end of an affair
Something pretty died in there
Now you turn to Bros in anger

As far as anyone can see
The world is ruled by MTV
And love is only in the movies

Is it you or the whole world that has gone mad?

I don't know
Is it you or the whole world that has gone mad?
I don't know

Well what are we so scared we'll miss?
They can't give us any more that this...
