Words. Nothing but words
Will they still hurt
When you have cut your ears off?
Wait. Waiting for love long gone
Writing a black love song
For all the broken hearted

Losing myself in pity for myself [x2]

Black Love Song
The death of all tomorrows
[x2]

Black Love Song
Still waiting for love long gone

Words. Nothing but words
Will they still hurt
When you have cut your ears off?
Wait. Waiting for love long gone
Writing a black love song
For all the broken hearted

Losing myself in pity for myself [x2]

Black Love Song
The death of all tomorrows
[x2]

Black Love Song
Still waiting for love long gone
[x4]

Black Love Song
The death of all tomorrows
[x4]

In, in pity for myself
(Black Love Song)
(Still waiting for love long gone)
In pity for myself

(Black Love Song)
(Still waiting for, still waiting for love long gone)
In pity for myself
(Still waiting for, still waiting for love...)
