the emperor's have got new clothes
the emperor's have got new clothes
so you form a line to see them shine
compete in sucking up you bracers fear
the air, what lovely clothes they where

mr.andersson was white
its not a single stich in sight
and tho i try to see that but is spare
you just stand in line in stair
you bracers spue
the air, what lovely clothes they where

don't believe the hype
couse it's huge may not be right
don't believe the hype
don't follow those who close their eyes
