Stick a love pill on your tounge  
And kiss me way too high to care about it  
Shout is, shout it loud!  
And make that DJ pump it even harder

I'm in extasy and there can't be  
A law on earth to stop me  
So please, let me be  
All I want is my right to be  
Me  
Free

Take me down with Mary Jane  
And bring me to that soft chillout oasis  
The base is fading out  
But my mind is getting close to heaven

'Cause I'm in extasy and there can't be  
A law on earth to stop me  
So please, let me be  
All I want is my right to be  
Me  
Free

They say I belong in jail  
But I can't see how that could ever help me  
So please, leave me be  
Cause I won't harm nobody else but me

'Cause I'm in extasy and there can't be  
A law on earth to stop me  
So please, let me be  
All I want is my right to be  
Me

And if you don't like my party  
You don't have to come  
If you don't like my party  
You don't have to come  
If you don't like my party  
You don't have to come around

I'm in extasy and there can't be  
A law on earth to stop me  
So please, let me be  
All I want is my right to  
And if you don't like my party  
You don't have to come  
If you don't like my party  
You don't have to come  
If you don't like my party  
You don't have to come around

I'm in extasy and there can't be  
A law on earth to stop me  
So please, let me be  
All I want is my right to be  
Me
