I believe
I believe
In love

I don't think there is more I can say
I've tried to convince you
In every possible way
I'm calling your name
I'm begging you to stay

Melodromatic, childish, blue...

'Cause I believe in love
But love do not believe in me
Why can't you see
That we
Are meant to be together baby?

I believe in love
But love do not believe in me
Why can't you see
That we
Are meant to be together baby?

I dress up with my tie as a leash
For you to grab,
To drag me home but please:
Remember that dogs have fragile feelings too!

Melodromatic, childish, blue...

'Cause I believe in love
But love do not believe in me
Why can't you see
That we
Are meant to be together baby?

I believe in love
But love do not believe in me
Why can't you see
That we

Are meant to be together baby?

I don't need no shrink
To change my way of thinking
Only a holy
Exorcist will do

I believe in love
But love do not believe in me
Why can't you see
That we
Are meant to be together baby?

I believe in love
I believe in love

I believe in love
But love do not believe in me
Why can't you see
That we
Are meant to be together baby?

I believe in love
But love do not believe in me
Why can't you see
That we
Are meant to be together baby?

'Cause I believe in love
But love do not believe in me
Why can't you see
That we
Are meant to be together baby?

I believe in love
I believe in love
I believe
