Beads of sweat drip from your head
You were so easily lead
You can taste his breathe
And his name is...

And his name is

It's dark there inside you cant see
It's all gone wrong
The darkness you hide you cant help
It just goes on

Falling down
Falling down again
Falling down
Falling down again

Beads of sweat drip from your brow
Where will you run to now

Slowly creeping through your veins
All that's all easily swayed
intension broken and frayed

Falling down
Falling down again
Your're falling down
Falling down again
Again
Again
