Teardrops falling from my eyes  
Anger pouring from inside  
Footsteps on a wooden floor  
Don't wanna feel like this anymore  
My heart beating till it's raw  
Want to feel your warmth close by  
You're the only reason why  
All I can do is cry  
All I can do is, cry  
And I cry

Teardrops falling from my eyes  
Anger pouring from inside  
Bitterness  
I want to hear but you don't call  
I miss your voice but most of all  
The silence is the darkest sound

Wanna feel your warmth close by  
You're the only reason why  
All I can do is  
You're the only reason why  
All I can do is, cry  
And all I can do is cry

(musical interlude)  
[Oh yeahâ€¦  
Oh yeahâ€¦  
Oohâ€¦  
Oh, oh yeahâ€¦  
Oohâ€¦  
mmmâ€¦]

Teardrops falling from my eyes  
Bitterness  
Bitterness  
All I can do is cry  
I've got all them falling stars
