Sorry for the things I said
Never meant to hurt you
Sorry for the things I did
Did them just to spite you
I am older and wiser now
I see how I played the fool
Guess there's times in all our lives (we)
Can't explain the things we do
Oh.

Don't look back!
Don't look back!
And feel ashamed about how
Easily you played the game cause
The past is something we can't change

The world was closing in on me
Fighting for some space
Misdirected anger and it
Blew up in my face
Life's too short for regrets
So I'll learn from my mistakes
But how much fucking learning
Can one person take?
Oh.

Don't look back!
Don't look back!
And feel ashamed about how
Easily you played the game cause
The past is something we can't change

There are things I'd like to say
But pride has got my tongue
So I'll take the easy way out
And blame it on being young
Can't take back what's been said
It's been way too long
Won't be haunted by the past
I'm trying to move on

Don't look back!
Don't look back!
Don't look back!
Don't!
Look!
Don't look back!
