they all claimed we'd go away
we grow in numbers everyday
rebellion can't be quelled for long
someday we'll come back twice as strong
while your pockets are getting thick
you're gonna get a brick
when it's time for you to die
i'll look you right in the eye

when the punks attack we'll have your back
20 years ago and we ain't done shit
when the punks attack you better watch your back
'cause there's a brick with your name on it

this isn't just an idle threat
i swear you ain't seen nothing yet
lets keep the feeling on the street
where it belongs, it's where we meet
the youth are selling drugs, committing crime
but that will only get you time
direct your anger towards their hate
i'm pro-violent against the state

you're gonna get yours too
you'll get whats coming to you
