Well I know we just met yesterday
Things be look so right
But you always know just what to say
and what is on my mind
Girl I feel I need a special way to ask you to be mine,
But I dont know when's the perfect day
or what's the perfect time

Babe you, leave me confused,
Dont know if I should I let you know or wait it out girl,
Wish I knew
Just what to do
I'm so confused

[Chorus]
So girl what u wana see?
Wanna see me get down on my knees?
Wanna hear me begging baby please?
Wanna see me crying for mercy
Oh girl, I wish I knew your world
I think Im losing my head over you girl

Well I know that it maybe too soon
to know just what you'd like
But I wana know what you've been thru,
what you want from life
Its so real the way I feel so true,
this feelings so hard to fight
Wana now how you feel for me too,
So you can become of mine

Babe you, leave me confused,
Dont know if I should I let you know
or wait it out girl,
Wish I knew
Just what to do
Im so confused

[Repeat Chorus]

Well someone once told me that you'd end up lonely

Dont let love ever pass you by
Coz I've seen it happen to people
that mattered to me with my very own eyes
Maybe they were mistaken
And I should be waiting, for you to show me a sign
Or should I just let you know that if I let you go,
Id wonder the rest of my life

[Repeat Chorus]

To be or not to be, that is the question
I dont know what to do Im in a state of confusion
All I want from you is your love and affection
Is this love real or just an illusion?

[Repeat Chorus x 2]
