you've got me wrong

think you lovely,  
yes you squeeze me  
but dont tease  
cause u cant keep me  
think you lovely,  
yes you squeeze me  
but dont tease  
cause u cant keep me

so you think cause we're jamming in a party  
you can put it on me trying everything yeah  
just to leave this place with me, yeah  
really think you're gonna get anything from me?  
you better change your mind  
i aint going no where, yeah, no where with you tonight

thought i told you  
boy i dont even know you  
yes i confess your body  
turns me on, turns me on  
you wont see me after the night is over  
you must be crazy, got me wrong, got me wrong

think you lovely,  
yes you squeeze me  
but dont tease  
cause u cant keep me  
think you lovely,  
yes you squeeze me  
but dont tease  
cause u cant keep me

and if i back it up  
you know that im dancing  
there really aint no need  
to tell me things that you want to do to me, yeah  
if you whisper to me go a little harder  
and im gonna do my thing  
but dont get up and dance

cos its not what you think.

thought i told you  
boy i dont even know you  
yes i confess your body  
turns me on, turns me on  
you wont see me after the night is over  
you must be crazy, got me wrong, got me wrong

think your'e lovely,  
yes you squeeze me  
but dont tease  
cause u cant keep me  
think you lovely,  
yes you squeeze me  
but dont tease  
cause u cant keep me
