I caught you last week checking me out, boy what did you think?  
And then you called and lost your cool, boy wipe your chin,  
you're starting to drool.

Now where'd you get my number? I really have to wonder,  
I know my girls wouldn't give it to you.  
I made up my mind last night, I don't need you in my life, drop it  
boy, you're not getting through.

(Chorus)

'Cause you keep calling me on my cell phone.  
Don't you get? I'm never at home. Why do you keep hanging 'round my door?  
Clue in baby, you're not gonna score.

I, I'll be alright, 'cause I'll be leaving this behind me tonight.  
So boy, just say your prayers and save it all for someone who cares.

'Cause boy, you just don't get it, you never comprehended it, doesn't matter how hard you try. Makes no difference what you do, I just can't get into you, you've gotta stop living the lie.

(Chorus 2x)

Forget it, forget it, you're never gonna get it. Nothings gonna happen  
'cause I never wouldn't let it. Hold up, rewind. Did you hear that?  
'Cause for some odd reason you keep comin' back.  
Wait up, straight up. Tell me somethin', do all my insults really mean nothin'?  
Listen, listen, watch my lips, you're never ever gonna get any of this.

(Chorus 2x)

You're not gonna score!
