Such a beauty to behold  
The petals of her fatal attraction unfold  
Calling me, urging me to take her hand  
And lead the way  
What else can I say  
She is everything to me, and everything I'll never be

But she's always there for me  
Even when I stumble down  
Sweet schizophrenia  
My Amaranth is always around  
She's always there for me  
Even when I lose control  
What a sweet dementia  
Her comfort makes me whole

I offer libation to her beauty  
It's such a mystery  
Holding her seems so unreal  
But she yearns for me when she's alone  
To take her hand  
And lead her home  
What else can i say  
She is everythign I've dreamed  
And everything I'll never have

But she's always there for me  
Even when i stumble down  
Sweet schizophrenia  
My Amaranth is always around  
Yeah she's always there for me  
Even when i lose control  
What a bitter sweet dementia  
Her comfort makes me whole

Even when I close my eyes  
In my heart she'll never die  
As long as my mind is roaming free  
My Amaranth she'll always be
