Awkward silence leaves me bitter  
Something should be said  
Still nothing is done  
What are we left with?  
We are just specs under the sun  
What is love to fill a gap between two souls?  
Who is to believe in it (they are fools)

Maybe I should feel this way  
Maybe we are better off today  
Cross your eyes and watch the edges fray  
Just don't sta... Don't stay... Don't! ... (stay)

Awkward silence leaves me empty  
Feeling laughed at and betrayed  
Something should have been said  
But we are only human  
So we believe in love instead

...Maybe I should feel this way  
Maybe we are better off today  
Cross your eyes and see the edges fray  
Bring 'em back into focus  
And see me walk away!

Watch me turn away  
And tear down everythign I've built  
Tear away this mask of stability  
Tear out this heart of insecurity  
Tear apart this soul of hopeless feelings  
Let me show you that I'm alive and breathing without  
you  
Alive and well and breathing, alive and well...  
Alive and well and... That I'm still alive

I'm alive (barely)  
I'm breathing (raspy)  
I'm fine (Lie)

So maybe you should feel this way

After all who am I to say  
I am nothing, nobody, no-one  
Just a fool living the lie of "another has come and  
gone"  
You pushed me away  
You pushed me away  
This is all I have left to say  
... This is all I could ever say

Awkward silence should be broken  
So I turned to find the door wide open  
Begging me...
