I met her under a shelter
We were hiding from the rain (ahh-ahh-ahh-ahh)
She was blowing bubbles
And I'll never feel the same (ahh-ahh-ahh-ahh)
Pain, pain, pain, pain, pain, pain
I'll miss you in a minute
If you'll only feel the same
Oh...

Now it's all black and white for me baby
It's all black and white for me now
It's all black and white for me baby
It's all black and white for me now
Yeah

She held an orange bottle
And she drunk it with a straw (ahh-ahh-ahh-ahh)
I watched her glide around
Around the people on the floor (ahh-ahh-ahh-ahh)
Pain, pain, pain, pain, pain, pain
I'll kiss you in a minute
If you'll only feel the same
Oh...

Now it's all black and white for me baby
It's all black and white for me now
It's all black and white for me baby
It's all black and white for me now
Oh... oh... oh... ooooh...
Yeah

She threw a dart right through my shirt to my heart
Then came back later I had all but fallen apart (ahh-
ahh-ahh-ahh)
Pain, pain, pain, pain, pain, pain
Will she ever feel the same
Oh...

Now it's all black and white for me baby
It's all black and white for me now
It's all black and white for me baby

It's all black and white for me now
Oh... oh... oh... ooooh... ooooh...

Now it's all black and white for me baby
It's all black and white for me now
It's all black and white for me baby
It's all black and white for me now
