

Upper Room, The "Consume"

Visit "[Consume](#)" on MotoLyrics.com

I can hear Your still small voice,
In the quiet of my heart
I can feel Your hand on me,
When I cannot take a step
So I lay down my pride,
And I pray this prayer to You

Consume all of me, Lord take my life I pray
Consume all of me, mold me day by day
Consume me, so that I can say
All that I have and all that I am
Is in You, In You

Spirit of my Living God,
Come and fill my life
So many times I run this race
Competing for Your prize
So I lay down my pride,
And I pray this prayer to You

You have made me Lord I know,
To worship at your feet

So when love nothing left of me,
I find myself with You
So I give You all I am,
And I live this life for You

Take all of me
Consume me
