You are a leader  
You must be a spiritual healer  
Oh no probably not

You are a teacher  
You must be a wonderful creature  
Oh no probably not

But all that i wanted  
From you was alot

It's an airport early morning  
You need somebody else  
In love we trust

You are an artist  
You must know the secrets behind this all  
Oh no probably not

But all that i wanted  
From you was alot

It's an airport early morning  
You need somebody else  
In love we trust  
And it came without a warning  
It's messing with my health  
In love we trust

But we probably shouldn't  
No we probably shouldn't  
We possibly shouldn't  
No we probably shouldn't  
Probably shouldn't
