You say that I'm over the top
You say that I couldn't feel...
That wa-a-a-ay
From the back of your automobile
I say that I know it's real
So never ever stray

You were happy but that changed from day to day
Whenever you were under, whenever it was over
Think it's over then
You're living on a fancy street
But you're not complete
You are not complete

They can't kill kill kill you anymore
They can't kill kill kill you anymore
They can't kill kill kill you anymore

It's a wound that will never heal
Weighed down cause you couldn't feel...
That wa-a-a-ay
You fell in love but that's okay
You had a friend but that's okay
So never ever say

That you're happy and it's better every day
Whenever you were under, whenever it was over
Think it's over then
You're living on a fancy street
But you're not complete
You are not complete

They can't kill kill kill you anymore
They can't kill kill kill you anymore
They can't kill kill kill you anymore

When we're on the concrete
Standing on the same street
I won't let our eyes meet

And it's true that I told them how

It's here and I'm feeling now...
That wa-a-a-ay
She swims a lot but thats okay
We don't talk a lot...
That wa-a-a-ay
