We are the lazy generation no more standing out in line
so good at wasting our time

We are the lazy generation
We are the lazy generation
We are the lazy generation now

We are the lazy generation
We are the lazy generation
We are the lazy generation now

Stand up and shout we wont be there for you
(hey hey hey hey hey lets go)

We are the lazy generaion they call us social mutations
why
You can just drop dead and die
Nothing we do ever seems to matter just like shit on a
silver platter shines
Yeah you know just where we stand

Stand up and shout we wont be there for you
(hey hey hey hey hey lets go)

Stand up and shout we wont be there for you
(hey hey hey hey hey lets go)

We are the lazy generation
We are the lazy generation
We are the lazy generation now

We are the lazy generation
We are the lazy generation
We are the lazy generation now

Stand up and shout we wont be there for you
(hey hey hey hey hey lets go)

Stand up and shout we wont be there for you
(hey hey hey hey hey lets go)

We are the lazy generation
We are the lazy generation
We are the lazy generation
We are the lazy generation now
