Time has passed me by
and i don't know when i'm gonna see you again
met you in the summer months your
gaze straight caught my eye,
i wandered across the room to
meet you on the otherside
feel in love with your stare and your blonde hair

Just another piggy back ride
it's gonna be another late night oh
hitch another piggy back ride
just just hold me tight

We went to the place where
where the rides are
we went to the place where the rollar coasters fall
you sat nervous in line through the hot sun
and the raining skies,
you never turned out to be a negative nancy
you never turned out to ba a negative nancy

Just another piggy back ride
it's gonna be another late night oh
hitch another piggy back ride
just just hold me tight

It ended too fast eleven days was not enough
my note was from the heart i told you i wouldn't
cry cause i i'm too tough
july nineteenth was that day we were forced to part
five two with eyes of blue how could i forget you...
