"Fragile"

We found ourselves lost and cold in a sea full of sharks
And we couldn't help but to look for a light in the dark

Our love is so fragile
Our love is so fragile
Don't be afraid to try
So spread your wings and fly
Don't be afraid to try

We walked in surf 'til our bodies returned to the sand
One lovely moment, but don't be afraid, hold my hand

Our love is so fragile
Our love is so fragile
Don't be afraid to try
I promise you'll get by

I feel the magic that runs from your veins to my heart
If I just could, I would live this all over again from the
start

Our love is so fragile
Our love is so fragile
Let's give it one more try
Before we say goodbye
