(Can't pull us apart, can't pull us apart)

In the space I've learnt to live with
It can't pull us apart
'Cos I believe in the place for chance in our lives
But I can't stop

In a space I've learnt to live with
You say the moon and the night
'Cos I believe in the place of chance in our lives
Even I can't go there

(I believe)

In a space I've learnt to live with
It can't pull us apart
'Cos I believe in the place of chance in our lives

In a space I've learnt to live with
You say the moon and the night
But I believe in the place of chance in our lives
(our lives, our lives)
