"Surrender"

No matter what you say, no matter what you do
I hear you call my name and I am here for you
You said you wouldn't start though we were worlds
apart
You said you'd keep control and now you're in my heart

Can't buy what you feel inside
It's too late, you just can't decide
Just surrender, lose yourself in love
Just surrender, lose yourself in love

You close the door and leave so many words unsaid
I'll never fall asleep inside this empty bed
I'll know that you've been hurt so deep down that it
aches
You said you'd keep control yet we are still awake

Can't buy what you feel inside
It's too late, we just can't decide
Just surrender, lose ourselves in love
Just surrender, lose ourselves in love

My voice in the dark calls you home
Come back, come back
Back to me my love
Just surrender, lose yourself in love
Just surrender, lose yourself in love
Just surrender, lose yourself in love
Just surrender, lose yourself in love
