True life is a modern myth  
It's times like these that make me wonder  
What is real and what's just white noise  
Cancer of the soul

Go make your mark upon this world  
If that's all you know  
Go sell our souls and brand them  
I'll be playin' in the band  
My life is in my hands  
It's so simple can't you comprehend  
It's where I'll make my stand

True love is hard to miss and harder to hold on to  
That's why I stay inside  
There's no time for your fairy tales  
This is life and death  
This is what I've missed

Go make your mark upon this world  
If that's all you know  
Go sell our souls and brand them  
I'll be playin' in the band  
My life is in my hands  
It's so simple can't you comprehend  
It's where I'll make my stand

I ask you honestly  
Did you ever find your silver lining?  
I have my own regrets but  
You never know what might happen

Go make your mark upon this world  
If that's all you know  
Go sell our souls and brand them  
I'll be playin' in the band  
May your pockets overflow  
And your children beg for more  
All if fair in love and war

Go make your mark upon this world

If that's all you know  
Go sell our souls and brand them  
I'll be playin' in the band  
My life is in my hands  
It's so simple can't you comprehend  
It's where I'll make my stand
