You didn't take my breath away, you weren't the only  
one  
That I wanted to go to sleep with  
You weren't that pretty, you weren't that hot  
But when I got the chance there was something I forgot

I think you're good enough for me, let's see what we  
can do  
When we get undressed, more or less, and find a room  
for me and you  
Good enough for me, let's see what we can do  
When we get undressed, more or less, and find a room  
for me and you

I don't even know you, and I don't think I ever will  
I'm not bragging, you're not that good  
I know you remember it, as good as me  
We would have kept doing it all night if we only could

But it doesn't matter, it was just for fun  
Oh girl, I love to play around  
Like we did that night, when we both laid tight  
I'm still thinking about it, it was quite alright

I think you're good enough for me, let's see what we  
can do  
When we get undressed, more or less, and find a room  
for me and you

You were lying there, in your underwear  
I knew exactly what to do  
Trying to remember what I would get  
If I only wanted to

But it doesn't matter, it was just for fun  
Oh girl, I love to play around  
Like we did that night, when we both laid tight  
I'm still thinking about it, it was quite alright

I think you're good enough for me, let's see what we  
can do

When we get undressed, more or less, and find a room  
for me and you  
I think you're good enough for me, let's see what we  
can do  
When we get undressed, more or less, and find a room  
for me and you
