Here we go again  
I hope that you are listening  
A thousand miles of road  
Passing beneath us, we can't let go  
Say what you will  
You're not gonna break us down

And we ride into the night  
Singin' woah woah woah  
We were blinded by the light  
You would never know

Street lights are passing by  
Another town, another ride  
Highway paints the stripes  
Of yellow red and white  
Not a care in the world  
Sometimes it's nice to feel the wind blow  
You thought that we were dead  
You never thought we could get up again  
You thought that we were dead  
You never thought we could get up again

And we ride into the night  
Singin' woah woah woah  
We were blinded by the light  
You would never know

Did you think it was over now  
Did you think you'd win somehow  
A thousand miles of road  
Passing beneath us, we can't let go  
We can't let go  
A thousand miles of road  
We can't let go  
A thousand miles of road  
We can't, we can't let go

And we ride into the night  
Singin' woah woah woah  
We were blinded by the light

You would never ever know
