She waited for me outside  
I shrugged her off  
I didn't wanna look her in the eye

She grabbed my shirt  
And I spun around  
I only got one thing to say to you

Quit giving me those dirty looks  
If you know what's good for you  
There's too too much for you to hide  
And too much for me to tell

Well I hear (me too)  
That you ran your mouth  
And all your little friends know what I'm all about

She grabbed my shirt  
And I spun around  
I only got one thing to say to you

Quit giving me those dirty looks  
If you know what's good for you  
There's too too much for you to hide  
And too much for me to tell

You've been running your mouth  
You've been running it all over town  
Yeah  
Put your money where your mouth is
