You look so good in that mini skirt girl
Did you pick it out for me?
This that
I'm a brat
I won't cut you any slack
Do you know what I mean?

Are you going to the party tonight
Should I expect to see you there?
I can't come out tonight
Please don't put up a fight
Do you know what I mean?

Get up and get out of that mood you're in
Get up and get out

It's time to get up and get out (get out)
You can't spend your life in this house (this house)
I know I'm from the other side of town
But maybe you can show me around

Get up and get out
Get up and get out
Get up and get out
Get up and get out
What's that now?
Everybody look, everybody look
Come on and get down
Oh yeah
Oh yeah
Oh yeah
Get up, get out
Let's go

Get out
Get out
Now she's out
