I see you standing there
And you think you're so damn cool
Laughing it up with all your friends
And breaking all the rules
Let's go!

Hey there pretty lady
With the short dark hair
Won't you come on over
Yeah

And I think that it's okay
Cause I played them all before
But I'm a sucker for the pouty lips
And a nice pair of legs for sure

Hey there pretty lady
With the bleach blonde hair
Won't you come on over
Let me see what's under there
Hey there pretty lady
With the short dark hair
Won't you come on over
Yeah
