

## Vacation, The "Make Up Your Mind"

Visit "[Make Up Your Mind](#)" on MotoLyrics.com

I'm stoned, baby, to the gills  
I stare right through the crowd  
I'm lost in a color field  
I'm in love and I like it loud  
I wanna know if you feel the same

(chorus):

Make up your mind, are you staying? Are you leaving?  
Make up your mind, I know looks can be deceiving  
Make up your mind, is it sex that's so appealing?  
Or tell me is it love that you're feeling? (c'mon, c'mon!)  
'Cause if it ain't love I don't need it

And you're soft, so young and sweet  
You feel so far away  
You're cool, baby, cool as a sheet  
But so hot between your legs  
I wanna know where your head is at

(chorus)

You say you will...you say you won't  
I'm hanging on your swinging rope  
I'm crying out, I'm in the dark  
It's not too late to break my heart

now I know you know you know I know you know...

(repeat 1st verse)

(chorus 2x's)
