I know you want me lay you messed up  
Lying to yourself not me,  
You put yourself in this position  
You wanna stay  
But it's hate that you don't find

Any kind of peace of mind  
Try to put it all aside  
If you could then we just might

Now you feel the pressure's on  
Cause you know just what I want  
We can do this all night long  
I know I turn you on  
I know I turn you on

[Chorus]  
Know I turn you on  
But tonight I'm coming home too strong  
But I know what you really want  
We can leave right after this song  
Nothing could go back  
Drop everything and take your dance  
Like a missile... I swear  
You're safe with me, don't you be scared

Don't think about how when I'm with you  
Cause tonight's about you and me  
Stop thinking just let me thrill you  
Take ...what I say  
Boy admire what you see, don't waste time no please  
don't tease  
Hold me tight under the sheets, yeah I got just what  
you need  
No, don't be in distress, nobody you can caress

Chorus]  
Know I turn you on  
But tonight I'm coming home too strong  
But I know what you really want  
We can leave right after this song

Nothing could go back  
Drop everything and take your dance  
Like a missile... I swear  
You're safe with me, don't you be scared

Embrace this moment, take a chance  
Because it might just be our last, last  
You know deep down you want it more  
Don't waste time trying to disguise  
Embrace this moment, take a chance  
Because it might just be our last, last  
You know deep down you want it more  
Don't waste time trying to disguise

Chorus]  
Know I turn you on  
But tonight I'm coming home too strong  
But I know what you really want  
We can leave right after this song  
Nothing could go back  
Drop everything and take your dance  
Like a missile... I swear  
You're safe with me, don't you be scared.
