You can watch us  
Maybe even mock us  
But in the end it's all the same  
You may talk the talk  
And your bark is loud  
Can you walk the walk  
Where's your loyal crowd?  
You have all the funds  
It's funny you have no job  
Mommy will but pay for it all  
You lazy fat ass slob

Why diss the band  
While we bust our ass  
What's the problem  
We've got style  
We've got class  
You talk your trash  
About all the other ones  
Can you back your shit  
Why don't you come get some  
Let's split

I know of your girl  
Man she rocked my world  
What can I say  
Maybe if you weren't so fucking gay  
So see we are pimps  
Of all punk and ska  
Get on the bandwagon  
Fuck all your popularity laws  
We all live in a house  
Made with nothing but glass  
So you throw a brick  
We can't help it if your band sucks ass

We are not cool  
We're straight up frozen

It's our lifestyle  
Nothing to put your nose in  
Say I'm 2 faced

Print it to the press  
Are you jealous  
Cause your ass is worthless  
Let's split

Well notice this  
We'll let you in  
Shows starts at 10  
You're gonna fuck us  
In the end  
We'll bring the noise  
And start up the party  
It's gettin' kinda shoddy  
Where the hell's my Bacardi  
We're not saying  
We're better than you  
Its just that you don't know shit  
From shampoo

Were all punks or skins or rudes  
Or whatever the fuck you claim you are  
Turn the on our sound  
And sing along in your car!!!

See, the music's all the difference  
But the message is all the same  
A scene with without unity  
Is nothing short of lame  
Next time ya wanna talk shit  
And your mind is out of focus  
You can get a FUCK YOU
