Didn't i tell you its not over
didnt i tell you i still care
now your pushing me to the side
like your having some affair

well since youve gone and moved on
im gonna try and do the same
get another new, boyfriend
try to make you insane
cause i don't take that

CHORUS

i don't take that
with you talking behind my back, no
i wont let you hurt me
im independent
im stronger than that
im smarter than you
yeah i feel heartbreak
but im pushing through

(oh, oh)

Yes I've heard every story
about our big break-up
your all in your own glory
you need to wake up
(cause im gonna squash that)

did i ever hurt you
or harm you in any way
you made all the mistakes
and blamed them all on me
(hey)

CHORUS

i don't take that
with you talking behind my back, no
i wont let you hurt me
im independent
im stronger than that

im smarter than you
yeah i feel heartbreak
but im pushing through

I said i still loved you
so stuck on these thoughts
clinging to a lost cause

no tears for me,
no pain i feel
cause baby, im for real

CHORUS(x2)
i don't take that
with you talking behind my back, no
i wont let you hurt me
im independent
im stronger than that
im smarter than you
yeah i feel heartbreak
but im pushing through

(oh, oh)
im pushing through
(oh, oh)
so, over you.Thanks to chiqiebaby09 netscape
