Too many days that I wasted  
I'm running circles but I gaze at the stars  
So suddenly you appeared, you were reaching  
(reaching)  
Reaching out to me

It was a chemical romance  
I got so high I had to land on the moon  
You gave me things I could feel, you were reaching  
(reaching)  
Reaching out to me

Ooh ooh, everything was easy, yeah everything was  
easy  
Ooh ooh oh oh, everything was easy, cause I had you  
by my side

Too many days without sleeping  
While we got lost between the sheets of our world  
You took me light years away, you were reaching  
(reaching)  
Reaching out to me

Star tracking into the night  
We dance away into eternal bright skies  
You made me see differently, you were reaching  
(reaching)  
Reaching out to me

Ooh ooh, everything was easy, yeah everything was  
easy  
Ooh ooh oh oh, everything was easy, cause I had you  
by my side  
By my side, by my side, by my side  
Cause I had you by my side  
By my side, by my side, by my side  
Cause I had you by my side  
[x2]

Ooh ooh, everything was easy, yeah everything was  
easy

Ooh ooh oh oh, everything was easy, cause I had you  
by my side
