Alright Established posur When I'm damaged Your time
is
right It's up to you It's up to all Use a silent
second Passion Call
the others Man approach to help each other Crystal
trying Daylight's
just another Natural sighn to help each other Before
you're dying This is why you are Why you'll
be n' anyway My
brother Congratulation You realize what don't want to
e The only consistant thing in lifels change But what
does it mean Change Ever tried to fix something?
Passion... As long as I believe What you decive we will
not give in
