I'm just afraid of that I dealt with it before I'm not
dwelling on I use my life for more Can't tell you Cause
it suck a bore Thought construction For you what I
ignore Hey
I'm not pleased with What is done before Contracts of
senile Send tiger bombs on you A crucial life time I
wonder
where I've been Hoot ordinary you wire I don't know what
it's like When the bliss's on you The way back home
seems
like a better rage sailing on A fish trap snaps to Walk
on air One thing I do my fear High as we know And I?
That you came to me With a smile You said Take off your
shirt for a while I said I'm I want no cover Don't want
no sexual lover I don't want it I don't want it now I
don't want it I don't fucking want it
