So let it go
Let it go
Let it go
So let it go
Let it go
Let it go

And I bet you're ready to give me everything that I
deserve
The nerve of that boy sure makes it hard to fall in love
No mistakes have mattered till the ones I made with
you
Everyone says it gets better
But I don't think that this is true

Bite the bullet
Let's see if your lips can make the cut tonight
Drop the curtains, kill the lights
All eyes to the stage
Let's make it right, these were our 'glory days'

So let it go
Let it go
Let it go
So let it go
Let it go
Let it go

And I bet you're searching for love,
But baby there's no way to find that in this town,
Oh no, I've tried
No mistakes have mattered till the ones I made with
you
It's getting worse, it's getting better,
I've always been bad with the truth

And when it all leads back to you
Then I'll know just what I've ruined
And when it all leads back to you
Then I'll know just what I've ruined

So bite the bullet

Let's see if your lips can make the cut tonight
Drop the curtains, kill the lights
All eyes to the stage
Let's make it right, these were our 'glory days'

Yeah,
Whoa

So let it go
Let it go
Let it go
Let it go
Let it go
Let it go
