### "The River"

I am one with the river  
Guided gently by her stream  
To a shoreline in the distance  
The lights of the city  
Summon after me  
To them I give no resistance

This boat I have fashioned  
For this adventure  
Is my one and only home  
The branches on the riverside  
Sing to me in the wind  
"Godspeed you wayward passenger!"

I am one with the river  
Guided gently by her stream  
And when I set my feet on the ground  
I'll never forget how sweetly moving me  
Was the river I explored
