khud se main jang ladata hoon sab se ye kahata hoon
chaaron or jo hota hai us se main gussa hoon
taubaa-tauba nafs magaroor hai
taubaa-tauba sach se door hai
taubaa-tauba dil benoor hai
taubaa-tauba kaisa daur hai

kab aayega waqt vo naya
kab paayenge sab dil ki aazaadi ko
kab aayegi vo pyaaree-pyaari ek subah
daulat badhati hai roz to ameroon ki hi
bhookh badhati hai roz hi gareebon ki
vaadon se tar zubaan vaqt milate hi par
goongi ho jaati hai un rahabaron ki
chalate hain akad ke ye zameen pe
bhoole hain ki jaana hai ek din us zameen mein
dhabba hai dhabba ki jaise chaand pe dhabba
dhokha ye dhokha dete hain kud ko dhokha

socho-socho zara kaafi hai ek shama
jis se jal uthati yahaan lakhon shama
saari duniya badal jaayegi yaaro par
hai zaroori badalana bas ek ka
muskura ke dekhana bhi neki
logon ki raahon se patthar hataana neki
sajada tu sajada duniya ko na kar sajada
sajada ho sajada bas naam-e-kuda ka sajada
