

Vanished, The "Wake Up"

i took a step for a gemini
head trip to far
with all your tears and all my fears
my battle scars

i ran in circles for you right into the ground
i cant help feel that i let you down

when i walked away from you

im falling apart without you here
but its the same way when you are near
so i wake up, wake up and walk away
wake up oo
(repeat 1x)

tiny images of you still course through my veins
pumps to my heart and thats where they remain
id pay the ransom if you would stay around
i cant help but feel that i let you down
when i walked away from you

im falling apart without you here
but its the same way when you are near
so i wake up, wake up and walk away
and wake up oo..
(repeat 1x)

and it burns my lungs when i took a breath to say
goodbye(and)
cause i dont mind the pains of time
when i was yours and you were mine
until i had to walk away from you

im falling apart without you here
but its the same way when you are near
and i wake up, wake up and walk away
and wake up oo
(repeat 1x)

and you and i burn

when i walk away
(wake up, wake up and walk away)
and i walk away
(wake up)
and you and i burn
when i walk away
(wake up, wake up and walk away)
and i walk away
(wake up)
yeah...
